## Let's be honest!

The website traffic industry has been growing steadily over the past years.

There are hundreds of traffic providers out there and they all claim to offer the highest quality service. Unfortunately, this is far from the truth more often than not.

At Traffic-Fans.com, we pride ourselves on delivering high-quality website traffic complemented by exceptional customer service.

We are in a unique position to have tested hundreds of different traffic sources over the years and every type of traffic we offer – is the best price/quality ratio available on the market today.

We understand that many of our clients were burned by dishonest traffic resellers in the past, which is why we do everything we can to make our services as transparent, friendly, and efficient as possible.

Please play by the same rules. Cheating a client into paying \$30 once vs making a client happy so that he keeps on coming back regularly – is a very easy choice.

# 04 How To Resell Website Traffic (And Where)?

Expanding your reselling opportunities involves exploring various platforms and strategies. Everyone with a website is your potential client, which is both good (plenty of potential customers) and bad (it can be hard to narrow down your targeting). This opens a lot of possibilities for promoting your services..Here are some effective ways and places to resell website traffic

## Your Own Website

We strongly recommend that you have your own website or blog. It is by no means a requirement but it will certainly help your future clients find you. It's a platform for you to describe what you do and it offers you a chance to present yourself in a convincing way.

**Platforms:** Use website builders like WordPress, Wix, PrestaShop, or Shopify to create an online storefront.

**Tips:** Ensure your site is user-friendly, mobile-optimised, and has clear CTAs. Regularly update it with blog posts about website traffic benefits to improve SEO and attract organic visitors.

## Social Media Platforms

Social media can be a powerful tool. Setting up a Facebook (or any other) fan page/company profile can even replace an actual website up to a certain extent. It makes it easy to connect with people, find potential clients and it's a great tool to communicate with your clients as well.

**Platforms:** Utilize Facebook, Instagram, LinkedIn, Quora, Pinterest, Twitter, YouTube, etc.

**Tips:** Post engaging content, run targeted ads, use relevant hashtags for visibility. Engage with your audience through comments, messages, and sharing testimonials.

**Platforms:** Participate in forums like Blackhatworld, Digitalpoint, Warriorforum.com.

**Tips:** Be an active member, share expertise, and subtly promote your services in your signature or relevant discussions.

There is no subscription required or fees to list your services. You can set any price you want and keep 80% of each transaction.

**Tips:** Create a gig for website traffic services. Use a catchy title, detailed description, and client reviews to stand out. Offer package deals or bulk order discounts.

## Upwork Project Catalog

You can advertise your traffic offer in the Upwork Project Catalog.

Sign up for free at [Upwork.com](https://www.upwork.com) and create your offer in minutes. Your clients can pay with MasterCard, Visa, American Express, Discover, or PayPal. Upwork charges a 3% fee from each transaction.

This is a relatively new offering from Upwork so the competition isn't as stiff here as (for example) on Fiverr yet.

**Tips:** Showcase your services in a detailed project catalog. Highlight experience, past successes, and client testimonials. Keep your catalog updated.

## Email Marketing

If you already have a (legal) list of clients you previously worked with, you can go ahead and let them know about the new service you offer.

# **Pricing And Package Sizes**

## 05 Pricing And Package Sizes

As a reseller you receive an **immediate 20% discount** on all of the standard traffic packages available on traffic-fans.com.

**IT IS ENTIRELY UP TO YOU TO DECIDE HOW MUCH YOU WILL RESELL IT TO YOUR CLIENTS FOR. WE DON'T INTERFERE WITH YOUR PRICING BUT PLEASE KEEP IN MIND THAT IF YOU EXAGGERATE – IT MAY BE MORE DIFFICULT TO FIND CLIENTS FOR YOUR SERVICES.**

You are welcome to set whatever prices you wish and sell the traffic with any margins you feel comfortable with.

It doesn't matter if you sell it cheaper or more expensive than we do – this is entirely at your discretion.

Try to not overdo it, though. There is plenty of competition so try to keep your prices realistic.

### TFPro self-serve platform

Remember that you can also resell traffic available through the TFPro self-serve platform. With traffic starting from **just \$0.0001 per visitor** it gives you plenty of room to manoeuvre.

Remember that with the TFPro you could also create your own traffic packages consisting of a mix of various traffic types. You could, for example, create a 10k package that consists of 5k Pop and 5k Audience traffic.

### Package sizes

In regard to package sizes, you can offer **the same sizes** as are available on traffic-fans.com. If you wish to offer smaller packages, please get in touch with us.

Some traffic types are restricted by the minimum number of visitors that can be delivered in one day, so talk to us and we'll work out a solution with you.

There are **no package size restrictions for reselling TFPro traffic**. You can create any package size but first check the minimum daily budget available for the traffic type you wish to resell. If you need assistance – let us know. We are here to help you.

## Section 6

# FAQ

Below are a couple of most common questions you will come across as a reseller and some that you may want to ask yourself. There will be more (and some could challenge your faith in humanity) but this is just an example to give you an idea on how to answer the most typical ones.

## WILL THE TRAFFIC CONVERT?

It can! However – since we work with real traffic we can't (and never do!) make any guarantees in that regard. The main purpose of our traffic is stats boosting. Anything more than that is an added bonus.

Some traffic types like "Cheap Website Traffic", "Adult Website Traffic," and our "Self-Serve Platform at Traffic-Fans.Pro" (Pop and Push traffic types in particular) are more likely to convert.

Conversions also depend on the website's content, design, offer etc, so aren't something you should promise your clients.

## WHERE DOES THE TRAFFIC COME FROM?

Our traffic is sourced from a variety of genuine sources, including expired domains, XML feed traffic, advertising networks, and social media platforms.

This diversity ensures a steady and reliable flow of visitors.

We mix and match various external traffic sources to create traffic packages offering the best possible quality and value for money.

## WILL MY CLIENTS KNOW I BOUGHT TRAFFIC FROM YOU?

No, our traffic is unbranded, ensuring discretion. Your clients will see an increase in visitors without any indication of the traffic source.

## I CAN SELL MORE TRAFFIC AND WOULD LIKE A BETTER DEAL. IS IT POSSIBLE?

Yes, we do have alternative arrangements available for larger (or more ambitious) resellers.

We can also make various arrangements, like buying a single larger package and use it in parts as you get orders from your clients.

We are very flexible and are always happy to discuss alternatives that will suit your particular business.

Please contact us for details.

## WHAT IF I NEED HELP?

If you need help or have a question from your client that you are not sure how to answer, remember - we are here for you.

Please contact us by email at [support@traffic-fans.com](mailto:support@traffic-fans.com) or using the contact form on [traffic-fans.com](https://traffic-fans.com). We are always happy to help you!

Understanding the business is crucial. Being prepared with detailed answers positions you as a knowledgeable and trustworthy reseller. Remember that the [traffic-fans.com](https://traffic-fans.com) team is always here to assist you. If you get a difficult question from your client - please let us know and we'll be happy to help you answer it. We really heard them all over the past 10+ years ;)
